THE OFFICIAL NEWSLETTER OF THE SCALE SQUADRON OF SOUTHERN CALIFORNIA
FOUNDERS OF THE US SCALE MASTERS CHAMPIONSHIPS

Jerry Neuburger, Larry Wolfe, and Col. Thacker. AMA Hall of Fame Induction at our Sept Meeting

COMMANDER'S NOTE

First up. Last month's meeting was AMAZING. We hosted Larry Wolfe's induction into the AMA Hall of Fame. It was a great meeting full of great friends and a pretty nice spur of the moment show-n-tell. Congrats to Larry!!!! And for the rest of us, it was pretty special having so many Squadron members, friends, and guests. Oh, and 3 AMA Hall of Famers at the meeting!

This month's meeting should not be missed either. There are two reasons. One: It's our nominations meeting for next year's board and I'd sure like to have your say in who runs the club next year. Voting takes place at the November meeting. So, we can nominate board this month and get our voting going for November.

The 2nd reason is a GREAT reason! Bob Rosenlof will be presenting details on panel line and rivet making. Bob is willing to share his award-winning techniques and this will be a great one! This is the perfect time to come out and gain some new skills. Whether you're bashing an ARF or scratch building that next model, rivet and panel line making is an integral part in making that new plane look awesome! And Bob is an EXPERT.

Remember Scale Masters is this month, 1/8th Air Force Scale Fly-In is this month, OCMA Dawn Patrol is this month, and the BIG JOLT at PVMAC is less than a month away, too!!! So, there's still lots of great flying and events to be had! I hope everyone has a chance to get to at least one of these great events!

We'll see you Oct 14 for the meeting and Bob's Presentation!

-Mike Greenshields
Commander

Mystery

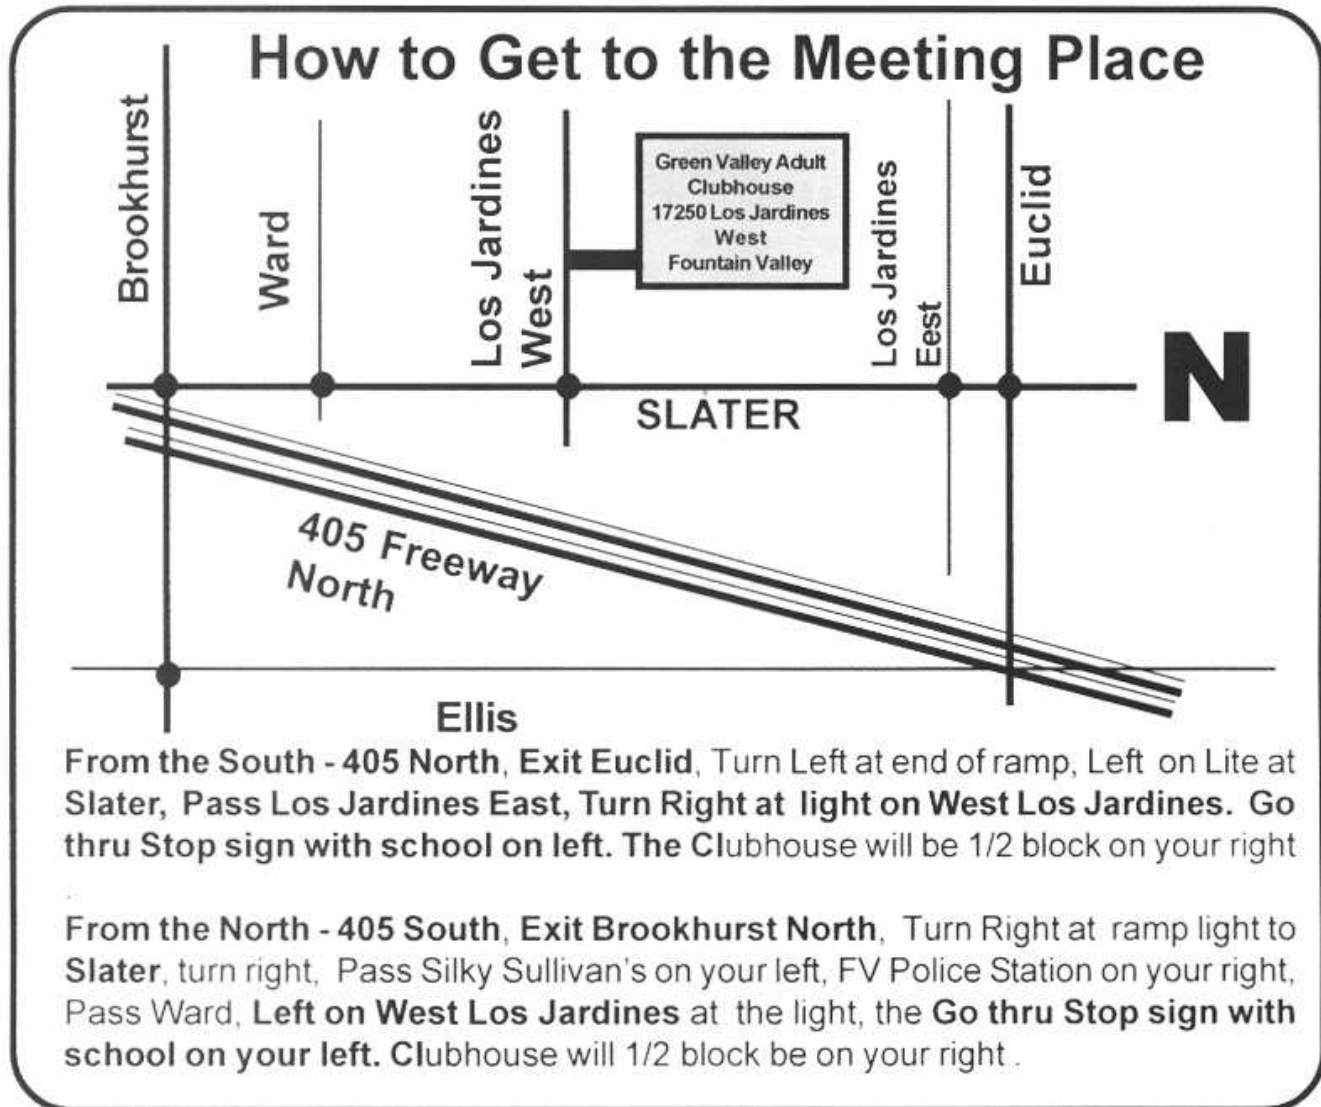

Plane Of The Month

Hint: A German design during WWII that was never put into full production

SQUADRON MEETINGS

Don't Miss The October 14 Meeting - Guest Speaker Bob Rosenlof Presents:
How to Make Professional Quality Rivet and Panel Lines.

COME OUT TO THE MEETINGS!

Meetings are on the second Monday of every month at 7:00pm.

Join Us and enjoy true scale aircraft modeling at it's best. Informal meeting with focus on scale aircraft models of any size or power. Bring your project in plans, partial construction or completed aircraft. We enjoy seeing them all and sharing scale techniques. Business is quick & painless, no politics! Coffee & Cookies at the break.
